We would like to extend our warmest gratitude to the following people for contributing to the success of the **Class of 2020** (especially in the midst of the pandemic):
6th grade team of teachers for their continued commitment to inculcate the students with knowledge and skills that lead to academic excellence;
Mrs. Blanton and Mrs. Johnson and other specialists for working with every teacher to provide support and resources;
TK-5 teaching staff for everything they have done to prepare the students for each successive grade level;
Principal Nguyen for being the consummate leader-facilitator and community liaison;
Ms. Oshita and Ms. Damron-Ellam for managing the business-end of educating our students and for taking temperatures, dispensing bandages and icing bruises;
Mrs. Zahiralis for guiding and expanding our access to literature;
the maintenance and **custodial crews** for everything they do;
and of course the **parents** for their support and donations, upon which we critically depend.
